PAIR YOUR SMARTPHONE WITH YOUR CAR RADIO!

THE BLUETOOTH PAIRING PROCEDURE WILL ENABLE THE CONNECTIVITY BETWEEN THE CAR RADIO AND YOUR SMARTPHONE:

- First, enter your car and press the «Phone» button on the Uconnect LIVE Radio.
- Press «Settings» – «Add device».
- Next, go to your phone's «Settings» or «Options», turn on your Bluetooth and search for Bluetooth wireless networks.
- On your phone, select «Uconnect + serial number» as the device to pair.
- On your radio, confirm that the PIN shown corresponds to that on the smartphone. The pairing procedure is now complete!

4

ACTIVATE YOUR CONNECTED SERVICES

- While in your car, keep your phone connected to the radio via Bluetooth.
- Tap on «Let's get started» on the mobile app, and then on «Activate your services» - a confirmation message will be prompted on the mobile app.
- In a couple of minutes your services will be active! Just press the «Apps» button on the radio, tap the «Uconnect LIVE» icon and enter the services main menu.
- A pop-up may now ask you to download a system update - press «Install» and you are ready to go!
